

# Creative Kaos

**SCHOOL OF ART AND IMAGINEERING**

## *Professional Development Workshops*

### **Program Description**

At Creative Kaos, classroom teachers become familiar with the concepts and processes of child-directed art making while being less apprehensive about using diverse art materials. Teachers are invited to experience first-hand the process-oriented art techniques, in a way similar to what the children experience in the classroom. Through these experiences, teachers share in their students' excitement about creating art, they discover ways to integrate classroom lessons with studio projects, and they gain familiarity with an artist's materials, tools and techniques. Under the artist's guidance, teachers develop the confidence and ability to conduct art lessons and to extend art into the everyday curriculum.

### **WORKSHOP Choices:**

Pro D Workshops are uniquely designed for individual schools/districts and can be catered to meet the needs of primary, intermediate, or high school teachers. Mediums, specific artists, art movements, and themes can be discussed with workshop coordinator. Media may include drawing, painting, sculpture, printmaking, textiles, and mixed-media.

- **All Workshops are designed in a “Make and Take” format with teacher’s creating 3 or more art projects (depending upon full or half day workshop) that can be easily reproduced in the classroom**
- **“Resource Packages”** are included with all sessions (lesson plans, necessary printables, supply list, book and video suggestions, pre and post discussion ideas....)
- Costs include all art supplies used during workshop
- 1.5 or 3 hour sessions:
  - \$35 pr person for the 1.5 hr sessions (+gst)
  - \$45 pr person for the 3 hr sessions (+gst)
- Serves a minimum of 15 teachers, max 36

**Email us to set up the next Pro D for your School or District**
